

QR4 Bluebeam Studio Session Layout

Note: The Bluebeam Studio Session contains three main locations of focus: The Studio Session components, the Navigation components and the Markup components.

The screenshot shows the Bluebeam Studio interface with several key components highlighted:

- Markup Tool Chest:** Located on the left side, containing various drawing tools.
- Drawing Name Tab:** The top bar showing the current drawing name: "2020.04.21 5185 DD Drawings*".
- Studio Session Selected:** The top right area showing the session name: "5555_UCSD [Project Name] - REVIEW".
- Verify Bluebeam Studio is Connected:** A status indicator in the top right corner.
- Studio Menu Selected:** A menu icon in the top right corner.
- Attendees in the Studio Session:** A list of participants including Admin, AECOM, Artin Mirzakhani, and Troy Barbu.
- Documents within the Studio Session:** A list of files such as 02_SD_55555 - DWG.pdf, 02_SD_55555 - SPEC.pdf, 07_95CD_55555 - DWG.pdf, 07_95CD_55555 - SPEC.pdf, 08_100CD_55555 - DWG.pdf, and 08_100CD_55555 - SPEC.pdf.
- Navigation Bookmarks to easily Locate Document Pages:** A list of bookmarks on the left side, including General, Architectural, Audiovisual, Communications Specifications, and Electrical.
- Filter Command for Filtering Specific Markup Comments:** A search bar within the Markups List.
- Markups List for Managing Comments:** A table listing markup comments with columns for Subject, Page Label, Lock, Author, Date, Comments, Status, and Color.
- Status Menu for Reconciling Markup Comments (DoubleClick in Status to Respond):** A dropdown menu for the status column, showing options like DISCUSS or NEED UCSD INPUT, AGREE - INCORPORATED, and RECONCILED.
